

ResinDek Top Side Drill Screws

For conventional top side screw installation, use Cornerstone Specialty Wood Products drill screws. These screws are engineered for strength, durability and easy installation.

- Now available in collated strips for 3/4" ResinDek[®] panels
- Stout #10 wire gauge shafts
- #2 drill point easily pierces up to 12 gauge steel decking
- Zinc coating for high humidity environments resists corrosion
- Designed to drill through wood and steel decking prior to threads engaging, which prevents panels from lifting
- Wings near top of shaft counterbore for screwheads. No countersinking or pre-drilling is required.

- Easy to drive and better tool life with #2 square drive heads
- Color matched to ResinDek[®] finishes
- Can be installed with upright screw guns
